Full Stack Web Developer—7+ years leading teams in both English and Spanish for the development of **web-apps**, **e-commerce**, **crypto web-apps**, and **microservices** for both national and international clients. Recognized for my self-management and adaptability in remote work environments.

EXPERIENCE

2023-Present **Softtek** **Remote - Bogotá D.C**
Senior Software Engineer (Full Stack Developer)

- I transformed the business’s digital presence by turning their internal administrative platform into a fully functional e-commerce site. I developed this custom solution on **Shopware (Symfony, Vue.js)**, achieving a smoother and more adaptable sales process. I collaborated with a team using **Agile** methodology on **Azure DevOps** for robust project management.
- I developed organizational patterns with **SASS** to optimize the e-commerce platform. I implemented reusable mixins and a modular structure, delivering a robust and high-performance product.

2021-2023 **Cabeza Rota** **Remote - Villavicencio/Meta**
Chief Digital Officer

- I enhanced marketing campaigns for multiple clients by leveraging user interaction data through the development of landing pages and microservices using **AWS, Nest.js, Next.js, React.js, SASS, Express.js, Node.js, Bash scripting**, and **Python**. I automated tasks and optimized response times and resource usage in the cloud by building scalable APIs. I also worked with multiple clients teams adapting to different work/agile methodologies, with focus on improve their digital-brand presence and frontend-design of their landing, crypto, and project websites, by leading teams and reviewing PRs by following each project Code Guidelines.

2021-2021 **Cabeza Rota** **Remote - Villavicencio/Meta**
Digital Marketing & Web Developer

- I improved data collection through A/B testing for client marketing campaigns using **Next.js, Nest.js, React.js, Express.js, SASS, GA4, Hotjar** y **WordPress**. I enhanced websites to create engaging user experiences, collaborating with teams to refine strategies and maximize brand visibility.

2020-2021 **Cabeza Rota** **Remote - Villavicencio/Meta**
Growth Marketer & Web Developer

- Drove brand awareness and engagement on **Twitter, Instagram, Discord** and **YouTube** by executing targeted growth strategies, increasing online presence and follower engagement, while using analytics to refine content and boost brand loyalty and customer acquisition. Helping with the creation of the Brand Websites using **React.js, Node.js, AWS, Typescript, SASS**.

2017-2020 **Freelancer** **Remote - Villavicencio/Meta**
Software Developer

- Developed automated Discord bots and backend algorithms for customer service, entertainment, and data organization, improving server navigation and customer understanding of business data by 70%. As a Freelancer I was building back-end apps with **Python, JavaScript, Typescript, MySQL, MariaDB, JSON**, and front-end websites with **React.js, Webpack, Grunt.js & Gulp.js, Vanilla Web Development (HTML5 - JS - SASS)**, also gaining experience in GUI & design as well as shell (**bash/pwsh**) scripting.
